Horseback Riding

Horseback riding in Karlsminde

We offer horseback riding on our ponies - both for inexperienced and experienced riders.

Horseback riding takes place at the riding arena behind the stable on the farmyard under the supervision of our riding instructor.

Even little children are playfully introduced to horses.

Everybody is required to wear a helmet!

The meeting point is the fountain on the farmyard. Changes of plan can be found at the stable door.

Then the horses and ponies will be picked up from the meadow, cleaned and saddled.

Infants and beginners start off in the small riding arena.

Advanced riders assemble in the big riding arena.

They can also take part in guided trips around our fields.

The „little ones“ can also go on slow trips with the parents leading the ponies and horses.
